Annual Report

The Board of Management has pleasure in presenting to the Governors its Report, together with Statement of Accounts, for the year ended December 31st, 1938.

Details of the work done during the year are given later in this Report, but in view of the Extensions now in course of erection, it is of particular interest to note that new records have again been established in the numbers of patients treated. Patients admitted numbered 6,593 ; attendances recorded in the Out-Patient Department reached the enormous figure of 169,585 ; while at the end of the year over 300 patients were awaiting admission.

EXTENSIONS.

Work on the new Out-Patient and In-Patient Buildings has proceeded rapidly during the year and, at the time of this Report, the Out-Patient Department is completed and will be opened for the reception of patients on Monday, April 3rd, 1939. This extensive Department, which covers a total area of 21,900 square feet, will, it is hoped, remove the difficulties which have for some time existed in the treatment of Out Patients through lack of adequate accommodation and facilities.

HOSPITAL CENTENARY.

On September 17th the Hospital celebrated its Centenary. It was on that date in the year 1838 that a Resolution was passed at a Town's Meeting formally creating a Coventry and Warwickshire Hospital. The Centenary was suitably marked by a Luncheon given by Sir Alfred and Lady Herbert in the historic St. Mary's Hall, Coventry. A distinguished gathering included Lord Henry Seymour (Lord Lieutenant for the County) and Lady Helen Seymour ; The Right Worshipful the Mayor of Coventry (Alderman Miss Arnold) ; Mr. Kevitt Rotherham (President) ; the Rt. Hon. Lord Iliffe and Col. Sir William Wyley (Past Presidents) ; the Rt. Hon. the Viscount Nuffield (Vice-President) ; Dr. J. N. Frankland (Chairman of the Board of Management) and representatives of the Civic and business life of Coventry.

CENTENARY EXTENSION FUND APPEAL.

It will be recalled that in 1934 an Appeal was made for £100,000 (a) To extend the Hospital, (b) To purchase the site of the Old City Fever Hospital and (c) To clear the Bank Overdraft. It has, unfortunately, become obvious that it is necessary to raise a further substantial sum for the following reasons :—

1. The original estimates have proved inadequate, owing to the large and unexpected increases in the cost of building construction.
2. The continued growth of the City through the great development of its industries and the corresponding increase of its population has made it necessary to extend the scope of the original building scheme. It is estimated that since 1934 the population has increased by 40,000 inhabitants, and additional accommodation has had to be provided to meet the growing demands for treatment.
3. The need of further accommodation for the Nursing Staff has become urgent.
4. The re-equipment of the kitchens and the purchase of modern apparatus for certain of the new Departments is essential.

Lord Nuffield, a generous benefactor of the Hospital, gave the Appeal a splendid start by a contribution of £10,000 and, at the date of this Report, the Appeal Fund has already reached a total of £30,000. It will be the wish of all friends of the Hospital that this sum will be quickly raised so that these important Extensions can be completed and handed over free of debt.

Her Royal Highness the Princess Royal has graciously consented to consider very favourably the request that she should open the new Extensions in July or August of this year (although at the moment it is not possible for her to give anything but a provisional promise).

COVENTRY JOINT LABORATORY.

This scheme, to which reference was made in the last Report, was inaugurated on July 1st, 1938 and the Laboratory was formally opened by Sir Alfred Herbert, in the presence of the Mayor and a distinguished gathering, on September 21st, 1938. This unique service has attracted the attention of Medical and Health Authorities in many parts of the country and the Laboratory is acclaimed as being one of the finest of its kind. Already it has proved its great value to the Health services of the City.

OBITUARY.

The Board records with very deepest regret the deaths of the Rt. Hon. Lord Leigh and Mr. Henry Johnson.

Lord Leigh was President of the Hospital for the year 1921-22 and was always a very keen supporter of the Hospital and greatly interested in its welfare and progress.

Mr. Henry Johnson was President of the Hospital from 1935-37. He will be long remembered for his generous gifts to the Hospital and his active help in all its work, particularly in connection with the Appeal for £100,000 which was launched in 1934. The Board of Management desires to place on record its appreciation of the invaluable services rendered by Mr. Henry Johnson to the Hospital over a period of many years, and takes great pleasure in announcing that his active interest and help will be perpetuated by the naming of a Ward to be called "The Henry Johnson Ward".

Since the close of the year, the Hospital has suffered by the deaths of Mrs. Alderman Hughes and Mrs. W. Fraser Annand. Mrs. Alderman Hughes was a member of the Board of Management for several years and always took a very active interest in the Hospital and its welfare. Her enthusiasm and advice will be greatly missed. Mrs. Annand was a member of the Board of Management and also of the Ladies' Auxiliary Committee. She was keenly interested in the work of the Hospital and the services rendered by her were deeply appreciated.

PRESIDENT.

Mr. Kevitt Rotherham who, at the Annual Meeting in March, 1938, was unanimously elected President of the Hospital, has intimated his inability to submit himself for re-election again this year on account of increasing pressure of business. The Board of Management, on behalf of the Governors, desires to assure Mr. Kevitt Rotherham that the specially valuable services he has rendered during the past year have been deeply appreciated, and trusts that his active interest will continue.

Great pleasure is taken in announcing that the Rt. Hon. Lord Leigh has very kindly consented to be nominated for the office of President for the ensuing year, and he will have the unanimous support of all Governors and friends of the Hospital. It is especially pleasing that the long association of his family with the Hospital will thus be continued.

MEDICAL STAFF.

The resignation of Dr. Duncan Davidson, who has been associated with the Hospital since 1927 and, who for many years held the post of Assistant Ophthalmic Surgeon, is received with very great regret. The Board desires to give practical recognition of his services over this long period and unanimously recommends his election as an Honorary Governor of the Hospital.

Dr. Croft, who was for many years one of the Anaesthetists, resigned during the year and the thanks of the Board are extended to him for the services he rendered to the Hospital.

The increasing work of the Hospital has necessitated additional appointments to the Medical and Surgical Staff and a welcome is extended to Dr. K. E. Barlow, who was appointed Medical Registrar, and Dr. J. Ballantine, Dr. R. G. James, Dr. A. G. Dabbs and Dr. W. Arnold Collington, who have been appointed Anaesthetists. Dr. Taylor and Dr. C. Clarke, who have both served the Hospital for many years, have been formally appointed Ophthalmic Registrar and Ophthalmic Clinical Assistant respectively.

FRACTURES.

The need to create a new Department for the treatment of Fractures and Orthopaedics has received the attention of the Board, and recently approval was given by the Governors to amendments in the Rules of the Hospital permitting the appointment of a Surgeon in Charge of a proposed new Fracture and Orthopaedic Department. Following a report by a Special Commission of the British Medical Association, there has been a widespread movement throughout the country to improve the arrangements for the treatment of fracture cases, and a Special Committee of the Ministry of Health has issued a Memorandum on the subject with recommendations which should govern the organisation of an adequate Fracture Service. The plans for the new Casualty Department have been specially amended and very considerably extended to provide every facility for the treatment of Fracture cases under ideal conditions and the Board will shortly proceed to appoint a Specialist in charge of the Department.

AIR RAID PRECAUTIONS.

In co-operation with the Ministry of Health and the Local Authorities, special attention has been given to Air Raid Precautions and the Hospital will play its part in any necessary emergency measures for the treatment of the inhabitants in this area. Although the position is still obscure in regard to Government grants on account of necessary Capital Expenditure for A.R.P. purposes, the Governors may be assured that every step will be taken to safeguard the Patients and Staff of the Hospital and the Hospital property.

HOSPITAL CO-OPERATION.

Your Board is at all times anxious to take any practical steps in furthering the interest of patients and the Voluntary Hospital System, and, to this end, a "Warwickshire Voluntary Hospitals Council" has recently been formed, for the furtherance and discussion of matters of common interest. This Council is composed of representatives of the Voluntary Hospitals at Coventry, Leamington, Rugby, Nuneaton, Stratford-on-Avon and Shipston-on-Stour.

The British Hospitals Association, pursuing the policy of co-operation so strongly recommended by the Hospitals Commission under the Chairmanship of Lord Sankey, is endeavouring to form Regional Groups of Hospitals throughout the country, and there can be no doubt that the Hospitals in this area will benefit considerably from the practical co-operation and consultation which will result from the newly formed association.

NURSING.

During the year much attention has been given to necessary improvements in the conditions of service and accommodation for the Nursing Staff. A further extension to the Nurses' Home is now in course of erection and will be completed by May of this year, and the whole of the Nursing Staff will thus be accommodated in one building under ideal conditions. A Recreation Room has also been provided, where the Staff off duty may enjoy games and entertainment. Your Board has passed a unanimous resolution that there shall in future always be attached to the Hospital a Recreation Room for the use of the Nursing Staff. A resolution has also been passed whereby a 96-hour fortnight will be introduced as soon as conditions permit.

KITCHENS.

It is doubtless common knowledge to Governors and friends of the Hospital that the question of the Hospital kitchens and facilities for cooking has been causing great anxiety to the Board for some considerable time. Various proposals have received consideration and the Board has finally decided that the old Out-Patient Department, which will be vacated shortly, shall be utilised as Hospital kitchens. This Department will apparently provide ideal facilities ; the large waiting hall, with its high domed ceiling, will accommodate the cooking apparatus, while the various clinic rooms arranged round the waiting hall will provide excellent facilities for food preparation, cold storage and general services. The expenditure of a considerable sum on a new building has therefore been saved while, at the same time, adequate kitchen accommodation will be provided with new equipment capable of dealing with the increasing needs of the Hospital.

FINANCE.

The total ordinary expenditure for the year amounted to £58,968 7s. 4d., an increase of £6,952 0s. 9d. The increased work of the Hospital and the rising costs of commodities have contributed towards this heavy expenditure, and an examination of the detailed accounts shows that the chief items responsible for the increased costs are provisions, which show an increase of £1,462, salaries and wages an increase of £2,415, and expenditure on buildings and plant, an increase of £826.

To meet this increased expenditure there has been a most satisfactory increase in the income of the Hospital, the ordinary income showing an increase of £5,420. The deficit on the year's work, which includes the deficit on the Alcock Convalescent Home Account, amounts to £2,277 1s. 0d., against a deficit of £3,939 16s. 8d. for the year ended December 31st, 1937. The overdraft at the Bank on December 31st, 1938 amounted to £21,160 4s. 4d.

HOSPITAL SATURDAY FUND.

Once again the contribution from the Hospital Saturday Fund shows a very substantial increase over the previous year. The total sum received on account of 1938 amounted to £39,000 and includes £2,500, the proceeds of the Carnival, which has been placed to the credit of the new Centenary Fund Appeal; £3,500 specially earmarked for the Centenary Appeal; £350 0s. 9d. for the special equipment referred to later in this Report and £32,649 19s. 3d. for general purposes. The continued success of the efforts of this progressive fund merits the warmest appreciation and congratulation.

HOSPITAL SUNDAY FUND.

Hospital Sunday collections brought in the very satisfactory contribution of £605 and this increased contribution affords your Board the greatest pleasure and is received with very great gratitude.

ENTERTAINMENTS.

Revenue from entertainments again shows a very satisfactory increase, which is largely on account of a new event organised for the first time in 1938. This was a Junior Ball which brought in £207 4s. 11d. The sum of £501 10s. was handed over from the proceeds of the Alexandra Rose Day collection; £165 11s. 10d. from the Annual Cabaret Dance; £85 from the Annual Tennis Tournament and £78 2s. 5d., the proceeds of the Dancing Display given annually by the pupils of Miss Olive Meacham. To all organisers and friends who have helped in these efforts the Board extends very grateful thanks.

HOSPITAL CARNIVAL.

To the organisers of the Hospital Carnival your Board extends most hearty congratulations and sincere thanks for the very substantial contribution of £2,500 handed over as the result of that effort.

CHRISTMAS STOCKING APPEAL.

The sum of £135 5s. 5d. was received as the result of this Annual Christmas effort, and to the numerous friends and helpers who assist in this annual event your Board extends most sincere and hearty thanks.

LEGACIES.

Your Board gratefully acknowledges receipt of the following Legacies during the year:—

TELECOONS COT.

The *Midland Daily Telegraph*, through the medium of its Telecoons Club, is to endow a cot in the Hospital and this further evidence of the practical interest shown by the proprietors of the *Midland Daily Telegraph* in the Hospital and its work is deeply appreciated.

GIFTS.

During the year a large number of most useful and acceptable gifts were received and the Board extends to the donors very grateful thanks.

The Annual Egg Effort resulted in the collection of 66,764 eggs and the response to the Annual Pound Day Appeal was very gratifying. These efforts effect a very considerable reduction in the Hospital's expenditure.

Through the generosity of various Works Benevolent Funds the Hospital Saturday Committee has presented to the Hospital an Oxygen Tent, a Bragg-Paul Pulsator, an Incubator for the Maternity Ward and other special items of Equipment which will be most useful in the work of the Hospital.

The Corley Fete Committee presented a large electrically heated Dinner Wagon for the Nursing Staff, which has proved most invaluable.

Special thanks are again extended to the Ladies of the Auxiliary Committee for their contribution amounting to £492, and to the Ladies Linen League and Needlework Guild for providing quantities of linen and patients' garments. The value of gifts received in this way amounted to £212 17s. 5d.

BLOOD TRANSFUSION SERVICES.

Every year these services become increasingly valuable in the treatment of patients, and to the donors the Board expresses very sincere appreciation and thanks.

NURSING.

In November, 1938, the gold, silver and bronze medals were presented to the nurses.

The satisfactory results attained in the Final and Preliminary State Examinations reflect the greatest credit on the Lecturers who are sincerely thanked for their services.

The total number of Nursing Staff at the end of the year was as follows :—

Sisters	27
Other trained Staff	32
Nurses in training	69

ALMONER'S DEPARTMENT.

The work of this Department continues to increase to the great benefit of the patients.

This Department assists the patients in numerous ways, such as securing convalescent treatment, instruments and appliances, special nourishment, helping with fares in necessitous cases, etc., and the Board is indeed deeply indebted to the Works Benevolent Funds, the Churches, the City Aid Society, Philanthropic Societies and other similar institutions for the great help they have given in this direction. Contributions to the Samaritan Fund, which enables the Almoner's Department to give assistance in many needy cases, are urgently required.

HONORARY STAFF.

The Board again wishes to convey an expression of its great appreciation and deepest thanks for the services rendered by the Visiting Medical and Surgical Staff, the Honorary Chaplains, Honorary Auditors, and the Honorary Solicitors.

The Board is also greatly indebted to the City Librarian and his staff for the free library service which is greatly appreciated by the patients.

PRESS.

The Local Press has again given invaluable help to the Hospital by making known its great needs and in many ways supporting its work and activities and the Board extends most cordial thanks for this help.

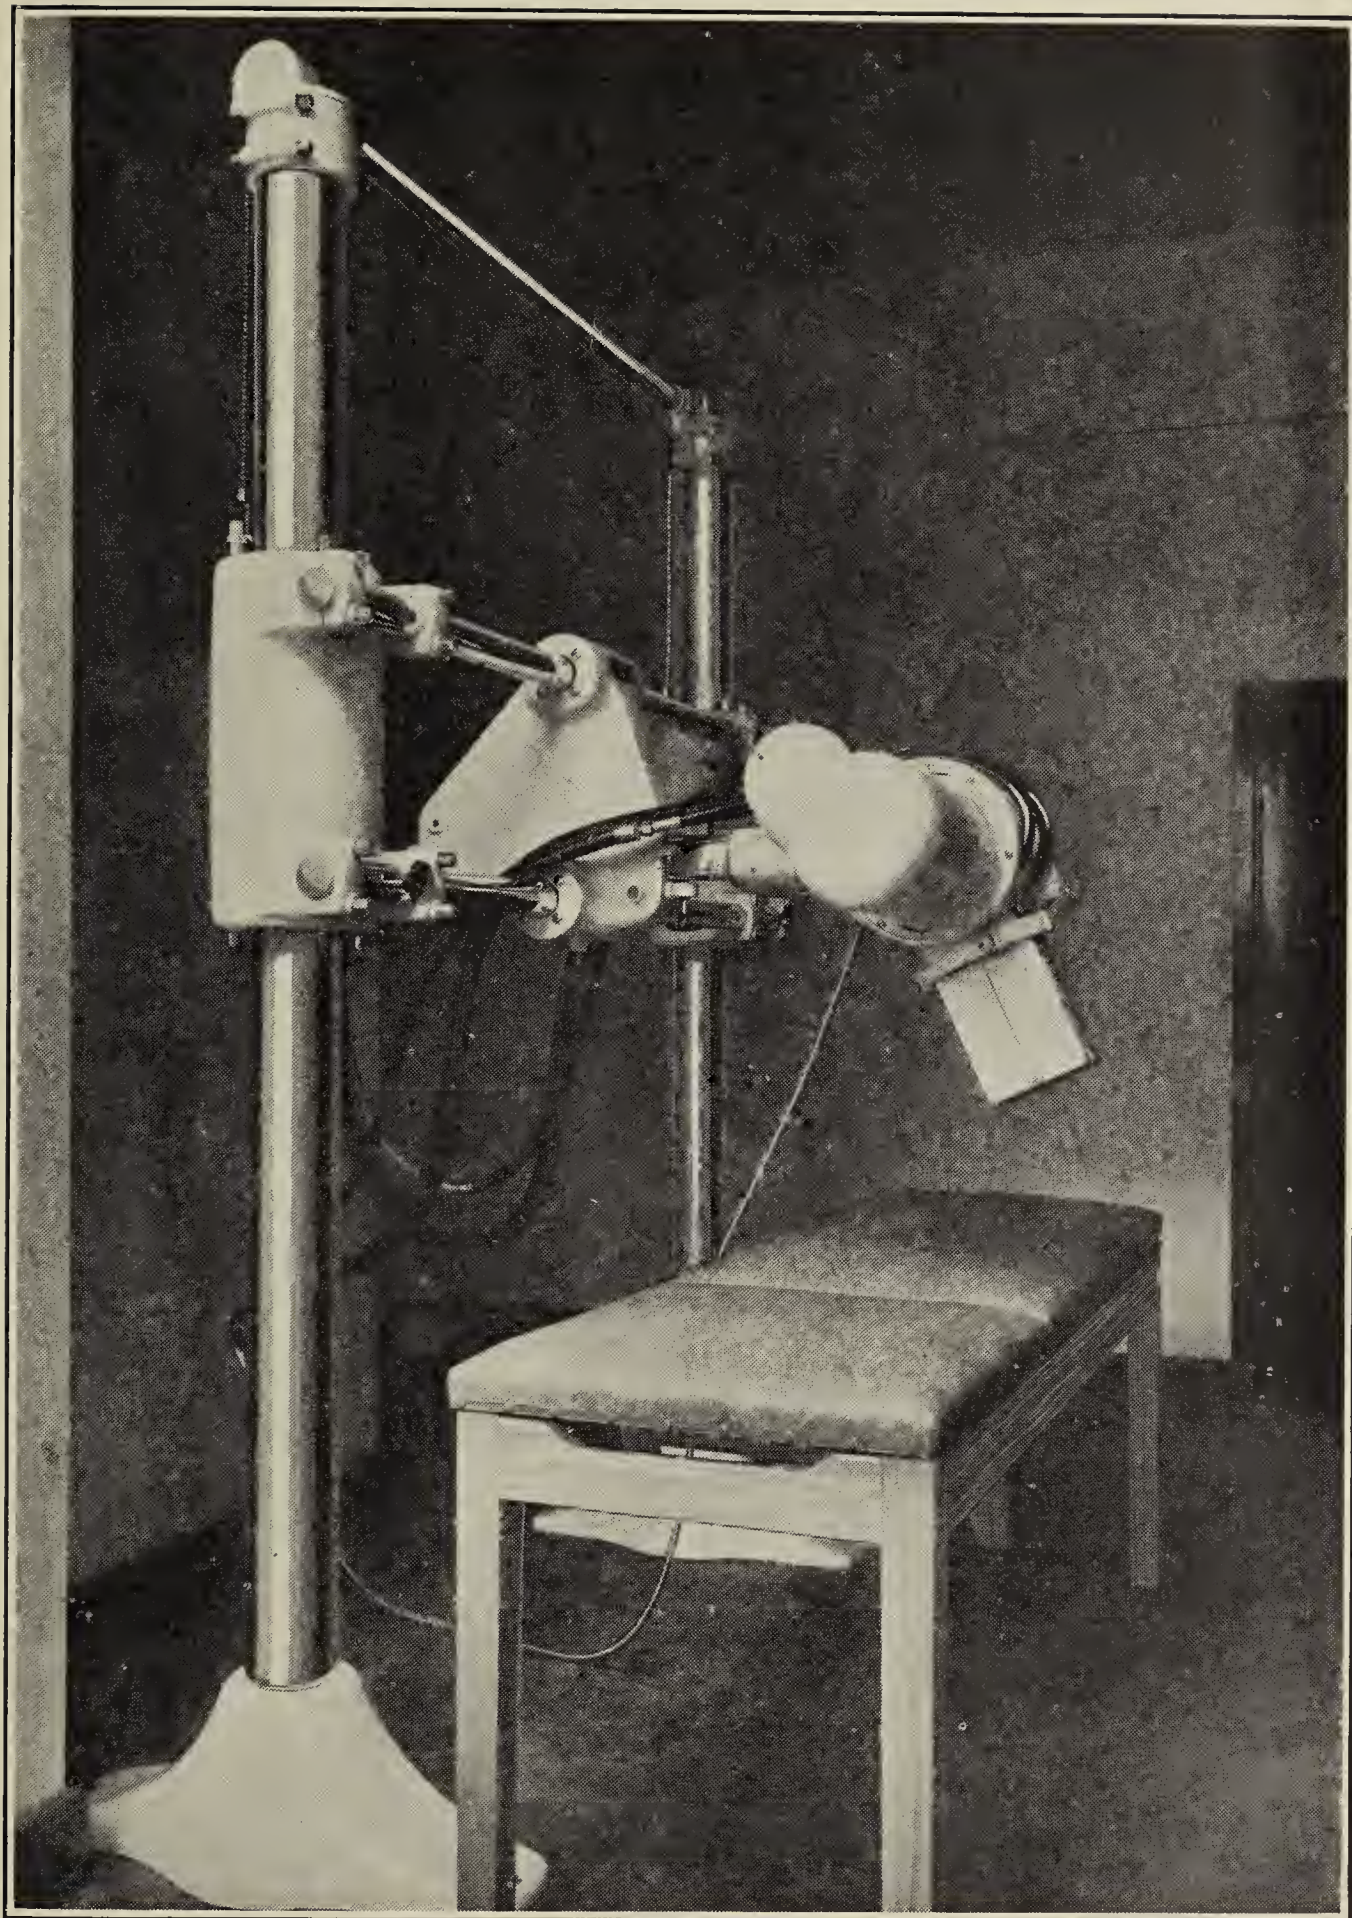

GENERAL.

The Board concludes its Report with an expression of thanks to all members of the Hospital Staff (Medical, Administrative, Nursing and others) for carrying out their duties so faithfully throughout the year.

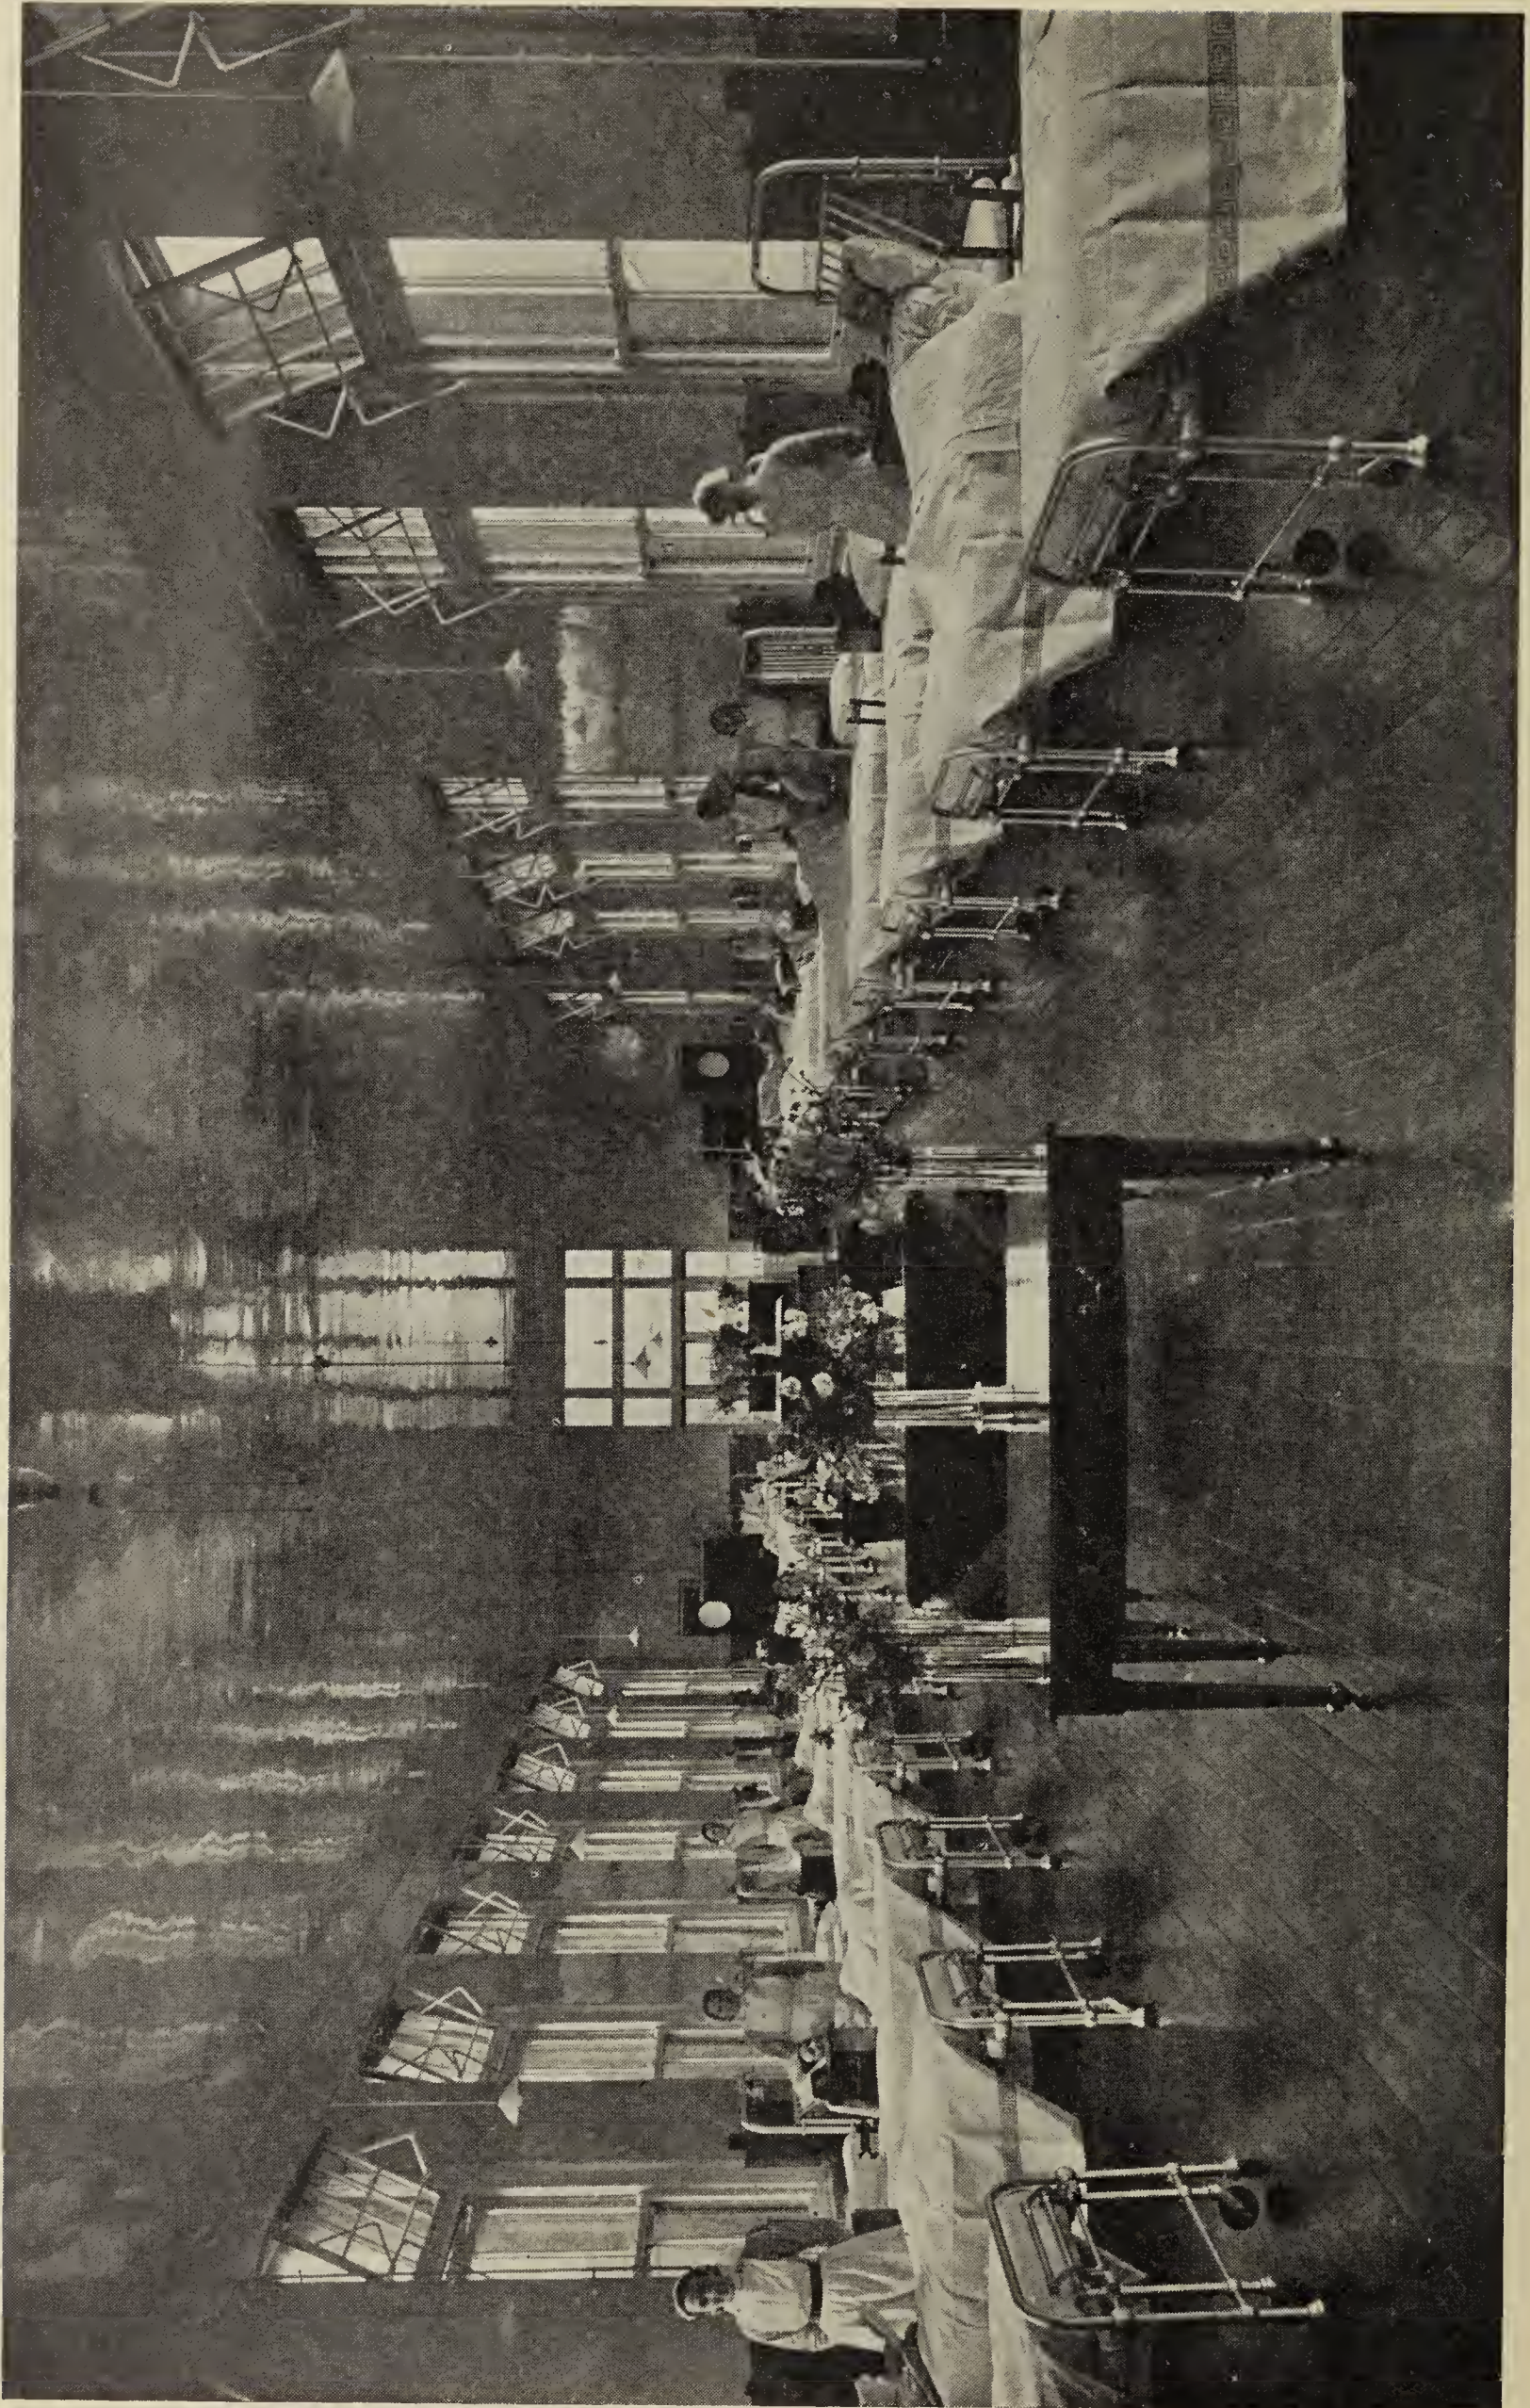

(Signed) J. N. FRANKLAND,

Chairman.

**The Board of Management takes pleasure in
announcing that HER ROYAL HIGHNESS
THE PRINCESS ROYAL has graciously
consented to open the new extensions on

AUDITOR'S REPORT

16 & 17 Hertford Street,
Coventry.

*To the Chairman and Committee of the
Coventry and Warwickshire Hospital.*

23rd March, 1939.

Mr. Chairman, Ladies and Gentlemen,

I beg to report that I have audited the books, accounts and vouchers of the Hospital for the year ended 31st December, 1938, and have signed the accounts as correct.

I have seen that all payments made have been authorised by the Committee, and have examined vouchers in respect thereof. I have checked the Income from Investments, and have made tests of the counterfoil receipts in respect of other sources of Income.

I have examined the Securities held by the Trustees, and have obtained certificates from the Bank, verifying the balances of the various accounts. I have also verified the Cash in Hand.

The Accounts have now been set out in accordance with the Revised Uniform System of Hospital Accounts, except that the Books have been kept open, as in former years, to include outstanding Income and Expenditure due at the 31st December, 1938.

The Extension Fund Account has been revised to show the total receipts and payments for the whole period since 1934, when the £100,000 Appeal was launched. This also includes £13,927 received on account of the new Centenary Fund.

The sum of £915 transferred from the Alcock Convalescent Fund to the Alcock Maintenance Account, includes an old balance of £372 which had been standing to the credit of the Fund for a number of years.

The sum of £1,172 has been transferred from the General Fund to the Renewals and Equipment Account to cover Depreciation on Equipment. New Equipment and Renewals totalling £1,206 were purchased from this Account, towards which £350 was received from the Hospital Saturday Fund. The balance of the Account at the close of the year was £4,479.

As the Old City Hospital has now been demolished, the item of £50,000 representing the purchase price thereof, has been eliminated from the Balance Sheet, and a corresponding deduction made from the amount standing to the credit of the General Fund on Capital Account.

The books are well kept, and I have received every assistance from the House Governor and Secretary, and the Administrative Staff, who have given me all necessary information and explanations.

I am, Mr. Chairman, Ladies and Gentlemen,

Your obedient servant,

SIDNEY T. PEIRSON, F.C.A.,

Hon. Auditor.

NOTE—Annual Subscribers will greatly facilitate the Collection of Subscriptions if they will kindly fill in this Order on their Bankers, and return it to the Secretary at the Hospital.
This Order may be withdrawn at any time.

You can bestow additional benefit to the Hospital, without cost to yourself. If you agree to the following scheme.

All Subscribers to the Hospital who pay Income Tax pay their subscription out of Income upon which they have already paid Income Tax. Consequently an Annual Subscription of £1 ls. represents a gross amount of £1 8s. 0d., assuming the Income Tax to be 5s. 0d. in the £.

If a Subscriber is prepared however to covenant by deed undertaking to pay a regular annual subscription for a period of seven years, it is possible for the Hospital to recover from the Inland Revenue Department the tax which has been paid by the Subscriber.

Under the Scheme, a subscriber will pay the Hospital his or her usual subscription of £1 ls. or more and the Hospital will then be able to claim repayment of 7s. 0d. for each £1 ls. subscribed. The £1 ls. subscription will thus appreciate to £1 8s. 0d.

The Scheme cannot be made retrospective and can only apply to subscriptions that are paid after the necessary Deed has been signed, and, of course, only to those who pay Income Tax.

The House Governor-Secretary will arrange the recovery of tax each year without trouble to the subscriber, and will be pleased to give any further information.

In the event of the death of the subscriber the covenant becomes void.

DEED OF COVENANT

In favour of the Coventry & Warwickshire Hospital.

Serial No.

I* hereby

of hereby covenant with the Treasurer of the Coventry & Warwickshire Hospital that for a period of seven years from the date hereof or during my life (whichever shall be the shorter period) I will pay annually to the Treasurer of the said hospital such a sum as will after deduction of income tax (at the rate for the time being in force) leave in the hands of the hospital a net sum of £ shillings pence such sum to be paid from my general fund of taxed income, first payment to be made on the 1st day of 1931, 1932

In witness whereof I have hereto set my hand and seal this 1st day of 1931

REPORT OF MR. W. H. COOK

(Chairman of the Hospital Saturday Fund)

AT A MEETING HELD IN ST. MARY'S HALL
ON 2nd FEBRUARY, 1939.

The Right Worshipful the Mayor

(Alderman S. Stringer, J.P. presided)

The Right Worshipful the Mayor, Ladies and Gentlemen :—

Firstly, Mr. Mayor, may I be permitted to thank you for following the custom of your illustrious predecessors by presiding at this Meeting, for as a matter of interest, a similar Ceremony to this has been held in St. Mary's Hall for the last 65 years and the Mayor for the time being has always honoured the Fund by acting as Chairman. It is well known, however, that this Annual Handing-Over Ceremony (which should not in any way be regarded as the Annual Meeting of the Saturday Fund) loses none of its interest by virtue of its antiquity, but each year seems to become more important in the life of our City.

The main object of this gathering is to make publicly known the sums of money the Saturday Fund has been able to hand over to the Coventry & Warwickshire Hospital during the financial period relating to the year 1938, and to give a few details regarding the ramifications and service of the Organisation.

It is not in keeping with the Constitution of the Fund to present at this Ceremony our Annual Accounts, as they, in published form, are submitted to the various Representatives from the Works and other Organisations at the official Annual Meeting in March, but I feel sure that I shall be forgiven if I state that our Income this year has again reached a new high level ; in fact the receipts relative to Employees' Subscriptions were more or less about £1,000 per week during 1938.

It is not necessary for me to make mention of the continued and successful activities of the Coventry Carnival Committee because the Chairman of that energetic Body, Councillor A. R. Grindlay, J.P., has already handed over to you the proceeds from last year's Event, showing an improvement of £2,000, and the sums I shall hand over are exclusive of the Carnival Donation.

Before dealing with the £ s.d. relating to the sums that we are handing over to our own Hospital, I feel that now is an opportune time to make a few public remarks about the ramifications of the Saturday Fund, because undoubtedly, they are not too well known in spite of the fact that we have so many thousands of Subscribers, publish a half-yearly journal, and do everything possible to notify all of our Rules and Policy. Our own Fund, in common with all Contributory Schemes throughout the Country, is run as a "Voluntary Fund" with its primary object of assisting the finances of our own associated Hospital, and it is our duty to see firstly and foremost, that our Hos-

pital is provided with the maximum amount of Funds so that it in turn, can provide a Hospital Service for our Subscribers and others in case of need. This does not mean that those who do not subscribe to the Fund are denied Hospital treatment because Voluntary Hospitals still carry on their great work of helping those who are unable to help themselves—for which object they were primarily founded. We are happy to know that the big majority of those who do subscribe to the Saturday Fund, realise that their subscriptions are a donation to Hospital Funds and not regarded as an Insurance upon which they can, if necessary, make claim. As previously stated, the Hospital Service is there for those of moderate incomes who need it in time of necessity, and it is freely and willingly given to young and aged alike.

It will be realised, your Worship, that owing to the long waiting list and the need for extensions which are now being carried out at the Coventry & Warwickshire Hospital, that many of our Subscribers have received treatment at Hospitals other than our own, but the fact must not be overlooked that there are many thousands of employees coming to work in Coventry who reside in outlying Cities, Towns and Areas and whose Dependents naturally use the Hospitals in their Home Town. It will, therefore, be appreciated that as they subscribe to our Fund, we must in fairness, make payments on their behalf to the various Hospitals where they go; but, your Worship, the figures I shall be giving to you later will possibly come as a surprise when you know the number of people that do really come into our City and it is here that I will deal with matters of our Outside Hospital Service.

During the year under review, we paid to various Voluntary Hospitals the colossal sum of nearly £6,500 of which approximately £2,500 went to Birmingham, £900 to Nuneaton and £750 to the Warneford Hospital at Leamington. These figures, your Worship, will speak for themselves as to the number of non-residents working in our own City, but it will be understood that from these Outsiders, only a small percentage required Hospital treatment.

To the various Municipal Hospitals in the City and County, we paid the sum of approximately £2,500 and I think here, it is only right and just to pay the highest tribute to Dr. Massey, the Public Health Committee and all connected with the Gulson Road Hospital, for a continuance of that happy co-operation and friendly relationship which has existed between those concerned and our own Fund since we made an Agreement with them in August 1932. To the Coventry Public Health Department alone we have paid on account of our Subscribers and their Dependents treated in Gulson Road Hospital during the last year, the sum of no less than £2,180.

I do not propose to weary you with other payments regarding Service, but I feel I must add that our donation to the Coventry & District Nursing Association for the year amounted to a little over £1,000 and we have also made grants to the Foleshill, Tile Hill and other Nursing Associations.

In speaking of Services allied to our Organisation, it would be remiss to overlook the work carried out by our Ambulance Fleet which is so closely linked up with the Coventry Division of the St. John Ambulance Brigade. We have now three fully equipped Ambulances in commission, in addition to which, we have a large car used for sitting cases. During last year these vehicles travelled over 30,000 miles (which is an increase of 50% over 1937) and removed nearly 5,000 cases.

I have now your Worship, Ladies and Gentlemen, come to the main point of my Report, namely the cheques for the Coventry & Warwickshire Hospital.

Let me say at this stage, that irrespective of the magnificent sum handed over by the Carnival Committee, our transfers this year are again larger than ever. Firstly, the least amount but by no

means the smallest in importance, is the sum of £350 0s. 9d. so generously subscribed by the various Works' Benevolent Funds to the Special Equipment Account for providing the Hospital with what is commonly known as an Iron Lung and also an Oxygen Tent about which reports have already appeared in the press. Secondly, there is the sum of £888 2s. 8d. being sums that we have received from other Contributory Schemes on behalf of the Coventry & Warwickshire Hospital. In addition, we are handing over to the Hospital the sum of £522 13s. 9d. being revenue by way of sundry donations and efforts promoted by many good friends. Realising that the Hospital would need new equipment in connection with its extensions, my Committee decided to send £1,500 towards any equipment which might be necessary, particularly bearing in mind the special requirements of the Orthopaedic and X-Ray Departments. Everyone, your Worship, has heard of the launching of the Centenary Extension Fund Appeal for £100,000. The reasons for this recent Appeal have been made sufficiently well known to need no further comment of mine, but I am happy to report that my Committee have allocated as a first instalment the sum of £2,000 towards this Appeal in the hope that we shall be able to add a little more to it later, although we are afraid that we shall not be able to do the same as we did for the last Appeal in sending £10,000, but the Board of the Hospital can rest assured that we shall do our best. Lastly, but not least, there is our main cheque for the General Maintenance Account of the Hospital which on this occasion amounts to £31,239 2s. 10d. You may wonder your Worship, why such an odd amount, but the reason is that by totalling up the figures previously given (excluding the sum of £2,500 from the Carnival Committee) will make the grand total from the Hospital Saturday Fund to the Coventry & Warwickshire Hospital for the year that we have been discussing, the magnificent sum of £36,500. This amount is £2,500 more than last year and we know how badly the Hospital needs this extra revenue.

In conclusion, I should like to pass a few words of thanks, and although it would be invidious to mention names, we must not overlook the management and wage staffs of the various Works who permit deduction to be made from wages, our Collectors who so voluntarily carry on our good work, Mr. Sidney Ansell, our Hon. Solicitor and the Auditors, Messrs. C. E. Lucas Allen & Co. Not only to our own staff at the Central Premises do we express our gratitude but also to the Medical, Nursing and Administrative staffs of the Hospital, who have at all times given of their best in the Service of Humanity.
